PROJECTS

Web Design and Development | [Click here to visit](#)

- Designed the complete UI/UX of the Chrome extension, including user flows, interactions, logo, and brand identity.
- Designed and developed the responsive product website; winner of the Google Chrome AI Hackathon 2025.

TutorsHub – Education Platform Redesign Casestudy | [Click here to visit](#)

- Designed a modern, user-centric UI for an EdTech platform with improved visual hierarchy, readability, and usability.
- Created user flows, wireframes, and high-fidelity designs with a consistent typography and color system for a trustworthy learning experience.

Helix AI – Chrome Extension and Web Platform (Hackathon Winner) | [Click here to visit](#)

- Designed and developed full websites for A S Unique Group, BillSheet AI, and Helix AI.
- Focused on responsive layouts, performance optimization, and consistent UI/UX standards.

BillSheet AI – Application Design & Frontend Development | [Click here to visit](#)

- Designed end-to-end UI/UX and built the frontend for the BillSheet AI application, including user flows and high-fidelity screens.
- Focused on intuitive financial workflows, responsive interfaces, and scalable design patterns.

D Health – Analytics Dashboard | [Click here to visit](#)

- Built interactive dashboards using Tableau and SQL for data-driven insights.
- Designed KPIs and visual reports with a strong focus on clarity and usability.

Logo Design and Branding | [Click here to visit](#)

- Created logos and brand identities for Helix AI, A S Unique Group, A S Unique Traders, and D Health.
- Ensured scalable, minimal, and consistent visual systems across digital platforms.
