PROFILE

Motivated IT graduate seeking an entry-level role to apply my technical and design skills in a dynamic organization. Committed to contributing to company growth while continuously enhancing my professional development.

EXPERIENCE

March 2025 - Present

A S CODELABS | Chennai - India

Frontend Engineer

- Built responsive web applications with React, HTML, CSS, and JavaScript.
- Implemented UI/UX designs into interactive, user-friendly interfaces..

PROJECT

Portfolio Website

- Designed in Figma and developed with React.js built for consistency, responsiveness, and great UX

Landing Page

- Designed and developed responsive landing pages for the following brands:
 - **A S CODELABS** (Tech Solutions - Designed and Developed)
 - **A S UNIQUE FOOD** (Food Trading Brand - Designed in figma)
 - **A S UNIQUE HR** (HR & Recruitment - Designed and Developed)
 - **BILLSHEET.AI** (SaaS Billing Tool - Designed and Developed)
- Focused on user engagement, clear call-to-actions, and strong visual hierarchy across each design.
- Overcame layout, scroll, and color consistency challenges for each brand.

Logo Design

Brand Identity Projects

- Designed unique, scalable logos for A S CODELABS and A S UNIQUE FOOD.
- Focused on brand alignment, minimalism, and visual balance.
- Delivered refined outputs through an iterative process based on feedback.
